TikTok Reaches One Billion Users!

TikTok revealed it reached one billion active global users, making it the seventh mobile app to reach this milestone. TikTok has reached this milestone faster than any other native mobile app. It took Instagram eight years and WhatsApp seven years to reach one billion.

The Toy of the Year Awards are like the "Oscars" of the toy industry and indicate the hottest toys of the year. And the winners were:

Toy of the Year:
Star Wars: The Child Animatronic
Action Figure of the Year:
Fisher-Price #ThankYouHeroes Line
Doll of the Year:
Barbie Color Reveal
Creative Toy of the Year:
Crayola Colors of the World Crayons

Principal's Message

Dear Class of 2022

It is with much enthusiasm that I have had the privilege of serving as your principal. I am very excited about the progress we have made together this school year and the increased opportunities we have cultivated together.

Coming back from Covid -19, I have learned to deeply reflect and value silence in this chaotic world. With the pressures of social media and grand standing it is difficult to know when to speak, but silence in a time of turmoil is worth its weight in gold. Abraham Lincoln once said, "It is better to remain silent and be thought a fool than to speak and to remove all doubt." Observe and be silent until it is time to act, because we all know actions speak louder than words.

When I think of every school year and I think of you, I reflect on the serenity prayer. May God grant me the serenity to accept the things I cannot change. The strength to change the things I can change. And the Wisdom to know the difference.

You embody all that this prayer symbolizes. You capture the spirit of the warrior, because when the Devil whispers in your ear, “Here comes the storm.” You can respond, “I am the storm.”

As you venture out into the real world, rely on all that you have learned with us, change the world for the better and show us the way.

Thank you to the class of 2022.

And remember, Dr. Aviles is here to serve you.

CLASS ADVISOR MESSAGE

I saw the future when you walked through the doors. First and foremost, some huge congratulations to the graduating class of 2022! Hopefully by now you have come to appreciate the push for success. You've taught me that no two students are the same, no day can ever be completely dull at Barringer, and no obstacle is ever too large to overcome! Despite day to day frustrations you all at one point or another have brightened our days, we hope that we have created as many fond memories for you as you all have for us. You will always have a special place not only here at Barringer, but also in our hearts forever more. Thank you for allowing me to be your Senior Advisor.

We did it. We finally made it. This is our moment!. Four years ago, when I came to this country, I never imagined that one day I would become one of the most outstanding students academically and athletically. My mother's philosophy "the sky is not the limit since there are footprints on the moon", has made it possible for me to be prepared for any situation. However, being one of the most outstanding student-athlete has put me in front of multiple obstacles which can be faced with the wise advice and teachings of teachers and constant discipline.

To begin with, culture shock was one of the main obstacles I had to face. In my first year of high school, I was not only new to the school but also to the country. Because of this, I could not speak or understand English, nor did I know anything about the public school system. For example, throughout that first year I was very stressed and frustrated because I did not understand some classes well, but after a few months I began to adapt to this new way of life all thanks to the support I had from my teachers, classmates, friends and counselor.

Personally, I never had problems in my studies. I always got good grades in all my subjects since I was little. After coming out of the pandemic in 2021, I decided to join the school's volleyball team. I still remember that many told me that having a good academic and sports performance was going to be difficult for me. I must admit that the first weeks were difficult to fit in, but after a few weeks with a strict routine I learned to cope with my life as a student-athlete. I believe that difficult situations create strong people. Challenges will continue to be a part of our lives, but do not be afraid. Dare to continue the process, you will learn who you really are, no matter what obstacles you face, strive to be the best possible version of yourself, be great according to your own definition, live according to your virtues and strive to achieve your dreams because You only have one life to live so live it.

This last year was full of new discoveries, we have also made new friends, embarked on new adventures and created new memories that will last a lifetime stuck in the moment that we never realize that these memories will be part of the last experience we will remember, like the last musical, the last volleyball game, the last band trip, the last time we walked the halls of Barringer High School, but nothing will last forever, we've always been tight to reach for the stars. Never give up, nothing is impossible if you set your mind to it now. It's our time to do what we want, it's time to be cool, inspire, grow, be kind, be compassionate, and stand up for others as you would like them to do for you. Encourage those around you, and respect everyone, but most of all, find your purpose. If you find purpose and meaning in one part of your life, you will grow in every area of your life and no matter what you end up doing in the future, make sure it is something you are proud of.

Good luck and congratulations to the class of 2022!

Universities that accepted me: Rutgers University, Kean University, and NJCU

Marlene Medina

SALUTATORIAN

The roots of education are bitter, but the fruit is sweet - Aristotle.

You should never say NO I can't, this is the greatest teaching my mother has given me, everything is possible to achieve with perseverance, if you really want something no one else can stop you. I was born and raised in Ecuador, then migrated to the United States when I was 15 years old, and the radical change of countries and cultures was very difficult. However, since I entered 10th grade at Barringer, I felt the kindness of the people I was meeting.The language was an issue that stressed me a lot because I could not communicate fluidly but with the support of several classmates and teachers I was able to overcome it.

In my 3 years attending Barringer High School, I was part of Math Scholars, Honors Society and the photography club. I was able to meet people and places that inspired me. I am very grateful to the teachers I had as they taught me important life lessons and each one of them motivated me to continue.

Barringer High School taught me about diversity, I met people of different nationalities and cultures different from my own. I made friends with whom I have shared experiences that I will surely remember for many years to come. We finished our last year of high school, maybe at some point we thought we would not make it, but we did.

For me it is very gratifying to have graduated because it is one more goal that I have achieved. At this moment I am getting the fruit of my effort and dedication. I am very proud of myself and the entire 2022 graduating class.

"Cada nuevo comienzo viene del final de algun otro comienzo."

Esta frase nos identica a la clase de Seniors en Barringer High School. Nos identifica a nosotros porque todos luchamos para llegar a esta etapa de vida. Y hoy todos nos merecemos caminar con nuestra dignidad en alta. Y quiero terminar este mensaje de despedida con esta frase de Thoreau.

"Vaya con confianza en direccion de sus sueños. Vive la vida que has imaginado."
